MInstAll ® - Мастер установки приложений, бесплатная утилита для автоматической (тихой) установки приложений и настройки системы. Упрощенный аналог WPI.

Встречайте обновленную 03 Сентября 2019 года версию полюбившегося многим пользователям сборника последних версий самых часто используемых в работе программ от Андрея Онохова. Данный MInstAll имеет самый оптимальный состав софта для установки на чистые системы. Все программы разделены по категориям. Для каждого пункта имеется описание, которое всплывает при наведении курсора. Представленные программы уже зарегистрированы и не требуют активации. Данный сборник будет полезен как начинающему, так и опытному пользователю.

Данный сборник имеет такую особенность, что система сама определяет какую разрядность архитектуры ставить - x86 (32-bit) или x64 (64-bit)
